Who's using Vend?

Looking for other cafes that are thriving with Vend? Check out [Orea Café](#) in Australia, which increased sales by 100% after they replaced their traditional cash register with Vend's cloud-based solution.

“We succeeded in doubling the daily take of the cafe. Yes, doubling! And it continues to grow, The single biggest factor in achieving that was our move to Vend. Sure, it’s simple to use, but even more importantly, it gives us the sales and product data that we use to grow the business.”

About Vend.

Vend is a cloud-based retail software platform that enables retailers to accept payments, manage their inventories, reward customer loyalty and garner insights into their business in real time. Vend is simple to set up, works with a wide range of point-of-sale devices and operates on any web-capable device with a browser.

Whether it's simplifying the inventory process, cutting 30 minutes from their end-of-day bookkeeping or making it simpler for them to sell their products on multiple channels, Vend's mission is to make retailers' lives easier.

With Vend, retailers are able to focus less on transaction and inventory concerns and more on creating that relationship with their customers. Vend aims to empower merchants by putting the right data and tools into retailers' hands and enabling them to do things themselves – and succeed.
